

## Temporary Wisgreaves closure

Wisgreaves continues to be closed while the builders finish the work on the roof.

The builders and contractors are working hard to get the work done quickly and safely.

While the building work is continuing, your teachers and key workers will continue to support you. Your lessons will continue to be in different rooms, your timetable will show you which rooms you will be using.

It can be frustrating or worrying when things are different. School staff are here to support you.

Liz and Emily are both working in Liz's office in the Options building.

James, Tash, Kyle and Lucy are working in James's office in Southgate.

You can go to their offices and ask to speak to them about how you are feeling or any questions you have.

You can also talk to your key worker or teachers, they will be working in lots of different room so it may be better to ask another staff member to help you look for them.
