Dear Kingsmead families and carers,

Respecting Our Neighbours and Local Community

We hope this letter finds you well. As part of our ongoing efforts to maintain a safe and respectful environment for everyone in our school community, we are reaching out to kindly ask for your support during school drop-off and collection times.

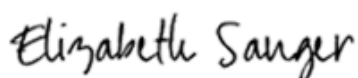

We've received some concerns from local residents about the impact of school traffic on our surrounding streets. To ensure we continue to foster positive relationships with our neighbours and keep everyone safe, we ask that you please keep the following in mind:

- **Please do not park across dropped kerbs or block driveways.** This prevents residents from accessing their homes and can cause significant inconvenience.
- **Avoid playing loud music when arriving or leaving the area.** Kingsmead School is located in a residential neighbourhood, and noise can be disruptive to those living nearby.
- **Drive slowly and with extra care, particularly near the school gates and on surrounding streets.** Pupils are often crossing the road, and their safety must be our top priority.
- **Be respectful of others at all times,** including fellow parents, carers, pedestrians, and local residents.

We understand that mornings and afternoons can be busy, but with your help, we can make the school run a more positive experience for everyone involved.

Thank you for your understanding and continued support in making our school and its community a safe and welcoming place.

Kind Regards

Elizabeth Sanger
